|   |  | Lunch out on field trip on a cash basis   |                        |
| <b>Climate change</b><br>The Green Economics Institute has been lucky enough to lead a delegation to the Copenhagen Conference on climate change. Assessing how Kyoto has worked up to now and suggestions for changes and for the next few years. How will businesses have to adapt? What are the solutions to food and fuel issues? What are the implications of climate change and sea level rise for the economy of Venice? What can we learn from the experience and case study of Venice? |  |   |                        |
| Field Trips   |  |   |                        |
