Academic Journal – The International Journal of Green Economics

We also produce the academic and double blind peer reviewed journal *International Journal of Green Economics*, founded, conceptualised and edited by Miriam Kennet, Institute Director, for Inderscience Publishers, please order this publication only from the publishers, www.inderscience.com/ijge

Other publications from the Institute

There are other proceedings and books in progress too, to order these and find out what is available please email: info@greeneconomicsinstitute.eu

The Institute also has some fascinating proceedings from the feminism and green economics conference October 2005 and from the climate change and carbon conference May 2005. Please email the Institute for details of these, which are only available from the Institute, and are not lodged with the British Library yet.
